

# **SELECT INSURANCE SURVEYORS AND LOSS ASSESSORS PVT. LTD. (SISLA)**

**AN ISO 9001: 2015 CERTIFIED COMPANY  
OVER 35 YEARS OF COMMITMENT TO INSURANCE**

# OUR TEAM

# ABOUT OUR WORK

Greetings from Select Insurance Surveyors & Loss Assessors Pvt. Ltd !!

We are indeed grateful to the Insurance Industry, which has given us unabated opportunity for the last 35 years to serve with excellence. Please accept our sincere thanks for your long association and opportunities for our utilizing our services in assessment of Insurance claims, and allied work areas. We are witness to the all-round changes taken place & consider it to be our privilege to have positively contributed to the growth of Insurance and skill development.

We take this opportunity to update you about our experience and work as under:

## 1. TAT AND QUALITY :

Being Technocrats with long range Industrial/ Corporate Experience, we do take deliveries with quality and promptness seriously. We have spent many years of effort to develop our in-house software to deal with all aspects of claim processing, MIS and workflow management, to ensure quality output within TAT norms of the Insurers.

## 2. PAN INDIA SERVICE :

We are based in Delhi, and provide our services all over India, Nepal and Bhutan in all non-motor departments, viz. LOP, FIRE, MARINE, ENGINEERING, and MISCELLANEOUS. (Please refer Page 5 to 9 for some of the ongoing and recently attended claims in this respect). Centralized control ensures quality work with speed.

## 3. TEAM :

Our core team members have Engineering, Finance, Accounting, IT and Management background from reputed institutes like IITs, IIMs, BIMTECH and FMS etc. and also carry vast Industrial experience in well-known Corporate Houses in India & Abroad as well as in the field of Insurance.

## 4. EXPERIENCE :

We have been enjoying ideal relations with the insurance companies for 35 years and have attended assignments of all sorts of complexities & scale in all non –motor departments during this long period.

- a. We have provided services relating to Survey and Assessment of Losses, Risk Inspection, Technical Advisory and Arbitration spanning over more than 1000 different Industries.
- b. One of the very unique ability that characterizes us is that we are geared to handle competently and deftly the Mega claims as well as Retail claims.
- c. Also relevant here is to mention our experience and ability to settle claims from OFFICE DESK in consultation with Insurers, based on sufficiency of documentation and site inputs. This is greatly helpful in small claims / no claim cases / repeat claims where site visit may not be economically viable and where sufficient documentary / other evidences are available.

## 5. TECHNOLOGY :

The Company is ISO 9001-2015 certified, with the most modern Processes and Systems backed by IT. In addition to our In-house workflow management software CREATION, we have our sister concern “Select e-Auctioneer Private Limited” (SEA) with full-fledged e-auction setup -www.eauctioneer.in- which helps us expedite entire claim processing along with effective loss minimization, for the claims involving salvage disposal.

6. In this brochure, we are also pleased to include in next pages, the following relevant information/documents for the purpose of record in your office:

- |   |           |
|---|-----------|
| a. (Recently Attended / Ongoing Claims) | Page 5 -9 |
| b. (Brief Resumes of the Director)      | Page 10   |
| c. (ROC – Certificate & PAN Card)       | Page 11   |
| d. (SISLA – License)                    | Page 12   |
| e. (GST Certificate)                    | Page 13   |

Needless to say, we would like to carry the relationship further and request you for assignments anywhere in the country. As usual, quality service and promptness will always be ensured by us as per TAT set under the industry standards. Please feel free to contact us for any further information.

Kind regards,

### RAJEEV KUMAR DEY

## SERVICES/AREA OF EXPERTISE

(Brief list of our recently attended/ongoing claims given on Page 5 to 9)

<b>BUSINESS INTERRUPTION</b>	Having attended to many complex and techno-commercially by demanding BI (LOP, ICOW, MLOP, ALOP) Losses, we have claim experience based domain knowledge in this complex field to handle any type and complexity of BI Claims.
<b>PROJECT LOSSES</b>	Two of the Directors, hail from projects background. Over decades we have attended all types of project losses requiring deep technical and commercial intellect and skills.
<b>BREAKDOWN LOSSES</b>	All type of highly technical high value breakdown claims, assessed and settled, after detailed techno-commercial evaluation of nature and extent of loss
<b>FIRE LOSSES</b>	All type of high value fire loss claims, assessed and settled involving damage to building, plant and machinery, FFF, stocks, after detailed quantification, evaluation of nature and extent of loss.
<b>FLOOD LOSSES</b>	All type of flood losses of various types of stocks, plant & machinery & building, after detailed quantification, evaluation of nature and extent of loss.
<b>OTHER FIRE DEPARTMENT LOSSES</b>	Cyclone/Lightning/Impact/Explosion loss to building, plant and machinery. Detailed analysis led to substantial reduction in assessed values.
<b>MISC, LIABILITY CASES</b>	High complexity liability claims, assessed and settled, with due concurrence.
<b>MARINE CASES</b>	High complexity marine cases, requiring deep understanding of marine cargo insurance, commercial/legal frame work of international / domestic business/logistics, salvage value determination etc.

**PRE  
INSPECTION**

A pre-loss inspection performed by us is an invaluable tool in the claims settlement process. More often than not, insurance companies will cite damage to property as "pre-existing damage" or insight into key features/historical Records, led to entire new prospectives

**VALUATION**

Valuation/re-valuation of assets is carried out as per customers' requirements in order to represent fair value of their fixed assets in their books of account.

**CATASTROPHIC  
LOSS**

Effective co-ordination is crucial to manage a catastrophe operation. The set-up and running of a temporary location or multiple locations, requires a lot of expertise and skill, which our team has developed from practical experience. To facilitate the response, we provide a single point of contact in our catastrophe director, who is responsible for managing and coordinating catastrophe operations.

**RISK  
INSPECTION**

All businesses are required to be aware of the risks they are exposed to. Awareness of exposure allows for a better understanding of the risks involved and the manner in which these risks can be mitigated, both, in pre and post incident scenarios. The risk management vertical of SISLA has been developed over the years after the team has been seasoned in managing claims. We have, helped our clients to understand the manner in which their assets and facilities remain exposed, thereby allowing them to implement measures that safeguard their risks and showcase their ability to act prudently.
